REPUBLIC OF MOLDOVA

- Geographical Area

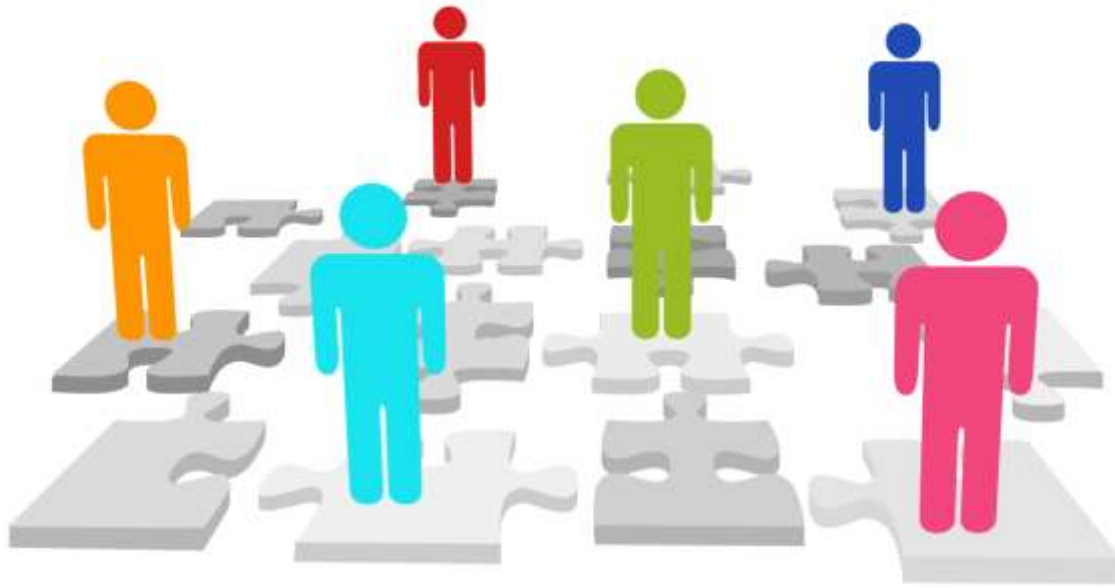

Moldova is just in the right place to serve both European and CIS countries markets being just in between.

*The quick logistics

*The easy come to see and check point

*Quick and flexible response to changes

- The choice and diversity
There are plenty of companies today of all types and sizes that will offer services and products to meet your demands precisely.

- **The Knowhow, quality and made in Europe concern**

- Historically Moldova been working with leading market brands and companies which brought a huge amount of knowhow and technologies as well as built up comprehensive communication and skills channels, highest quality demands and principles.

* Made in Moldova label, is highly valued by consumers worldwide to receive the right quality products with European guaranty.

- Added value, saving costs.

More and more Moldavian companies are offering clients taking over (investing in) operations which previously been held by them. Making patterns, buying materials, fulfilling logistics etc. Today our company is making a full pack service for clients on demand.

- **Preferential no duty zone**

Moldova is the country to forget your import duties in both EU and CIS countries.

EUR1, FROM A, ST1 certificates allow our clients to import the goods with no duty paid. Some limitations are applied though so must be checked with authorities.

To summarize, what we expect from the foreign partners

- Important to start, we encourage our potential clients to test our capabilities and move on to long term cooperation.
- Promotion of our products and services worldwide, you have the instruments we have facilities.
- New challenges and skills. With every new partner we learn and keep up with trends.
- We can always do more, so please do not hesitate to present us with ideas and projects and we are always happy to be involved.
